The Good Growth Plan

Through six commitments we help farmers meet the challenge of feeding a fast-growing population, sustainably.

<p>Make crops more efficient Increase the average productivity of the world's major crops by 20% without using more land, water or inputs</p>	<p>Rescue more farmland Improve the fertility of 10 million hectares of farmland on the brink of degradation</p>	<p>Help biodiversity flourish Enhance biodiversity on 5 million hectares of farmland</p>
<p>Empower smallholders Reach 20 million smallholders and enable them to increase productivity by 50%</p>	<p>Help people stay safe Train 20 million farm workers on labor safety, especially in developing countries</p>	<p>Look after every worker Strive for fair labor conditions throughout our entire supply chain network</p>
